Additional Projects & Certifications

04/2026 – Now

Enterprise Resource Planning with SAP S/4HANA

Technische Hochschule Brandenburg

- Purchasing, inventory management, production control.
- SAP Materials Management with SAP S/4HANA.

05/2026

Six Sigma Yellow Belt

- Six Sigma fundamentals, DMAIC methodology, process improvement, and waste reduction.

05/2026

Power BI: Dashboards for Beginners

- Data Visualization, Dashboard, Interactive Reporting, Visualize KPI, Business Insights for Decision Support.

05/2026

SAP S/4HANA Essential Training

- ERP Fundamentals, SAP Products, S/4HANA, Business Process Integration.

05/2026

Learning SAP MM (Materials Management)

- Supply chain, Procurement, and Inventory operations.
- Procurement-to-pay cycle, Vendor management, Material valuation, and Cross-module integration.

05/2026

Career Essentials in Generative AI, Microsoft and LinkedIn

- Generative AI, Microsoft Copilot, Automation.
- Reasoning Engine, Search Strategies, Ethical AI Principles.

05/2026

Leadership Practical Skills, Project Management Institute, Inc.

- Leadership Training, Management, Team Coordination.
- Stakeholder Communication, Structured Problem Solving.

09.2024 -03.2025

Sustainability in maritime networks with WASP technology

Universität Duisburg-Essen

- Sustainability-focused study comparing conventional ship propulsion with wind-assisted ship propulsion technology.
- Analyzed fuel consumption and emission reduction.
- Evaluation of sustainable maritime logistics solutions.

12/2016

Web Designing - University of California, Davis

- HTML, CSS, PHP and web development principles.
- Built foundational knowledge in website structure, page styling, and front-end development.

Knowledge and Skills

Logistics, ERP & Supply Chain

SAP S/4HANA, Purchasing, Inventory Management, Materials Management, Production Control. Knowledge of Intralogistics, Material Flow Monitoring, Factory Planning, Sustainability and SCN planning. Understanding of logistics process analysis, operation workflows, and ERP-supported decision-making.

Data Analysis & Reporting

Microsoft Excel, VBA, Power Query, KPI Visualization, and Performance Reporting, Tableau. Skilled in working with operational data, identifying process issues, and presenting insights for business decisions.

Automation & Technical Skills

MySQL, Visual Studio, Microsoft Office, Adobe Creative Suit. Generative AI, Workflow automation, Reasoning engines & Responsible AI use.

Organizational and Analytical

Structured approach to analyze logistics processes, solving operational problems, and coordination. Experienced in handling operational data, performance metrics under time-sensitive conditions. Strong ability to organize information clearly and support decision-making through analytical tools such as Excel, Power BI, and ERP systems.

Communication & Teamwork

Strong communication skills in:

- Cross-functional teamwork, collaboration with internal departments, external stakeholders, and customers.
- Explaining technical, operational, and process tasks.

Language

German	<i>(Advanced Conversation)</i>
English	<i>(Business Fluent)</i>
Bengali	<i>(Native)</i>
Hindi	<i>(Advanced Conversation)</i>
Urdu	<i>(Advanced Conversation)</i>

Hobbies

I involve into creating things like writing and making music. I write stories for comic books and play outdoor sport.

Bochum, 24.05.2026
